Cool Cars and Trucks By Sean Kenney

Attention young LEGO brick builders: Whether you'd like to build an SUV, an excavator, a tanker truck, or a race car, this hands-on book will show you how. You can create street scenes such as a construction site, a fire rescue, or even a family on moving day.

Children of all ages will let their imaginations run wild as they learn that there are no limits to what can be created with LEGO. And easy-to-follow instructions are included for several of the models!

Editorial Review

From School Library Journal

Grade 1–5—Crisp color photographs and diagrams show how to construct various vehicles with Lego blocks, including pocket-size cars and variations on an SUV. Some of the diagrams are confusing, but children with plenty of experience working with Legos should be able to follow the steps. Unfortunately, readers must scan the directions to identify needed pieces; there's no supply list at the beginning of each project. The text is limited. For example, a spread labeled "Taxis of all sizes" says, "If you don't have enough LEGO pieces to build a big car, try making the same car in a smaller size." The book is much narrower in focus than *The Ultimate Lego Book* (DK, 1999).—Lynn K. Vanca, Akron-Summit County Public Library, Richfield, OH

Review

“Children who love cars, trucks, and LEGO blocks will find plenty to enjoy in this colorful book.... This visually engaging book will attract little ones interested mainly in looking at cars and trucks, as well as older kids, who may actually follow the directions and build some of the projects.” *?Booklist*

About the Author

Sean Kenney, author of *Cool Robots*, likes to prove you can build anything with LEGO bricks. He makes sculptures and models out of LEGO at his studio in New York City, and his work has inspired kids to create great things themselves. He is recognized as one of the premier LEGO brick builders in the world.

Users Review

From reader reviews:

Shelly Gomes:

What do you about book? It is not important to you? Or just adding material when you need something to explain what yours problem? How about your spare time? Or are you busy particular person? If you don't have spare time to do others business, it is give you a sense of feeling bored faster. And you have extra time? What did you do? Everyone has many questions above. They have to answer that question since just their can do that. It said that about book. Book is familiar on every person. Yes, it is right. Because start from on kindergarten until university need this particular Cool Cars and Trucks to read.

Thomas Krieg:
