Editorial Review

Review

"... a well-wrought book ... leads us safely through some of the theological minefields of the church's sacramental history, bringing us, finally, to a sacramental theology that will be of pastoral use to Protestants and Roman Catholics alike." -- *E. Byron Anderson, Garrett-Evangelical Theological Seminary*

"... firmly rooted in the Roman Catholic tradition and yet imbued with a sense of ecumenicity ... for Protestants who seek to find a renewed point of entrance into sacramental theology, the reflections on sacraments as encounters with the living Christ in which grace as event unfolds are helpful. -- *Andrea Bieler, Pacific School of Religion*

"A very lucid introduction to the heart of the Christian faith ... Ecumenically attuned and reflective of the current discussion of the liturgical theology of the Eucharist across denominations, this book will serve as an excellent pathway into what liturgy means, does and is. --*Kevin W. Irwin, Catholic University of America*

From the Inside Flap

There are some challenging implications here, not least to the modern tendency to think of liturgy in terms of personal transaction--"what I got out of it"--and to those who hear God's word only according to their own preconceived ideas: "God's is not a reign limited to our personal histories, Morrill points out, "but, rather, is one that calls us to hear our story as part of one much larger, at times comforting, at others confronting us." Morrill eloquently invokes these human modes of Christ's presence to draw participants into the mystery of the cross and resurrection, into communion with the God whose love for humanity has been revealed unto death, making the Eucharist the source and summit for lives shaped in the pattern of Christ's justice and mercy for the life of the world.

From the Back Cover

"It is rare to find an interpretation of the Eucharist that is brilliantly and creatively responsible to a particular ecclesial tradition, in this case the Roman Catholic tradition, and at the same time ecumenically informed, helpful, and wise. Bruce Morrill has given us exactly such a book. Beginning wonderfully with the gathered assembly as the fundamental symbol of the risen Christ, Morrill interprets the whole liturgical flow of word and table as forming us in the Spirit of the crucified risen one to turn in service toward God's beloved world. On the way, he richly illuminates the presence of Christ in the word and the troubled but irreplaceable

metaphor 'sacrifice.' And when one is done reading his lucid text, one comes again into the eucharistic assembly with new depth of insight." -- *Gordon W. Lathrop, Professor of Liturgy Emeritus, Lutheran Theological Seminary at Philadelphia*
