About the Author

Angela Darling was nicknamed "The Love Guru" by her friends in school because she always gave such awesome advice on crushes. And Angela's own first crush worked out pretty well... they have been married for almost ten years now! When Angela isn't busy watching reading romance novels, she works as an editor in New York City. She knows deep down that every story can't possibly have a happy ending, but the incurable romantic in her can't help but always look for the silver lining in every cloud.
