## Cursed By Jennifer L. Armentrout

Dying sucks--and high school senior Ember McWilliams knows firsthand. After a fatal car accident, her gifted little sister brought her back. Now anything Ember touches dies. And that, well, really blows.

Ember operates on a no-touch policy with all living things--including boys. When Hayden Cromwell shows up, quoting Oscar Wilde and claiming her curse is a gift, she thinks he's a crazed cutie. But when he tells her he can help control it, she's more than interested. There's just one catch: Ember has to trust Hayden's adopted father, a man she's sure has sinister reasons for collecting children whose abilities even weird her out. However, she's willing to do anything to hold her sister's hand again. And hell, she'd also like to be able to kiss Hayden. Who wouldn't?

But when Ember learns the accident that turned her into a freak may not've been an accident at all, she's not sure who to trust. Someone wanted her dead, and the closer she gets to the truth, the closer she is to losing not only her heart, but her life. For real this time.

From School Library Journal

Gr 7 Up-It's been two years since the fatal car accident that changed high-school senior Ember McWilliams forever. The accident claimed her father's life but took hers as well. Her gifted younger sister, Olivia, was able to bring her back from the dead, but at a price. Ember possesses the touch of death and believes she is cursed and destined to be alone. Once popular and outgoing, she is now a recluse, ridiculed at school and called a freak by her classmates. Caring for a catatonic mother and a five-year-old sibling, she is nearing her breaking point when a handsome stranger appears. Hayden Cromwell reveals that there are others with "special abilities" and offers help. After an "incident," Ember and her family are whisked away to live with the Cromwells, where only Olivia is accepted. Mistrusted, her only friend is Hayden, who works with her to control her powers. The two become inseparable and, as their relationship intensifies, Ember discovers information that leads her to question Mr. Cromwell, the accident, her mother's illness, and her own safety. Armentrout puts a fresh twist on this occult tale, creating a paranormal setting that has the right mix of suspense, mystery, romance, and adventure. Gripping characters with an X-Men feel drive the plot, leaving readers wondering who is innocent and who is guilty. This stand-alone novel with the potential for sequels is sure to be a hit.-Donna Rosenblum, Floral Park Memorial High School, NYα(c) Copyright 2011.
