

Lippincott Nursing Procedures

By Lippincott

Lippincott Nursing Procedures By Lippincott

This start-to-finish guide includes over 400 nursing procedures--from basic to advanced.

Every entry lists equipment, details each step to perform right at the bedside, and provides rationales and cautions to ensure patient safety and positive outcomes. Organized alphabetically for fast, easy access, the **7th Edition of Lippincott Nursing Procedures** addresses what the nurse needs to know and do to perform best-practice procedures concerning infection control, specimen collection, physical assessment, drug administration, IV therapy, and hemodynamic monitoring, as well as procedures related to body systems, such as chest tube insertion, peripheral nerve stimulation, and intra-abdominal pressure monitoring.

Thoroughly updated, this edition also includes new evidence-based entries on synchronized cardioversion, gait belt use, intermittent infusion device flushing and locking, isolation garb use, nasal bridal insertion and removal, pneumatic antishock garment application and removal, self-medication administration practice, and weaning a patient from a ventilator.

With clear, step-by-step guidelines and hundreds of sidebars, photos, illustrations, and eye-catching alerts (Nursing Alerts, Pediatric, Elder, Hospital-Acquired Condition Alerts), you'll find the level of detail required to provide optimal hands-on patient care. Packed with pre- and postprocedure nursing considerations, warnings about potential complications, troubleshooting tips, and other helpful advice, this go-to reference provides everything you need to do your job confidently and well, whether you are beginning your nursing career, learning a new skill, or brushing up on a familiar technique.

Editorial Review

Users Review

From reader reviews:

Micheal Clothier:

Do you have favorite book? If you have, what is your favorite's book? Publication is very important thing for us to know everything in the world. Each guide has different aim as well as goal; it means that e-book has different type. Some people really feel enjoy to spend their time to read a book. They are really reading whatever they acquire because their hobby is usually reading a book. Consider the person who don't like looking at a book? Sometime, man or woman feel need book whenever they found difficult problem or even exercise. Well, probably you will need this Lippincott Nursing Procedures.

Melissa Becker:

Do you considered one of people who can't read pleasurable if the sentence chained in the straightway, hold on guys this aren't like that. This Lippincott Nursing Procedures book is readable simply by you who hate the perfect word style. You will find the information here are arrange for enjoyable looking at experience without leaving actually decrease the knowledge that want to supply to you. The writer involving Lippincott Nursing Procedures content conveys the thought easily to understand by most people. The printed and e-book are not different in the content but it just different such as it. So , do you even now thinking Lippincott Nursing Procedures is not loveable to be your top list reading book?

Michelle Shaw:

Information is provisions for individuals to get better life, information these days can get by anyone at everywhere. The information can be a information or any news even a concern. What people must be consider if those information which is from the former life are challenging be find than now's taking seriously which one works to believe or which one the particular resource are convinced. If you have the unstable resource then you obtain it as your main information we will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take Lippincott Nursing Procedures as your daily resource information.

Joseph Rankins:

This book untitled Lippincott Nursing Procedures to be one of several books in which best seller in this year, honestly, that is because when you read this guide you can get a lot of benefit into it. You will easily to buy this specific book in the book store or you can order it through online. The publisher in this book sells the e-book too. It makes you more easily to read this book, because you can read this book in your Cell phone. So there is no reason for you to past this reserve from your list.
