Living Forward: A Proven Plan to Stop Drifting and Get the Life You Want

By Michael Hyatt, Daniel Harkavy

Each of us has but one life to live on this earth. What we do with it is our choice. Are we drifting through it as spectators, reacting to our circumstances when necessary and wondering just how we got to this point anyway? Or are we directing it, maximizing the joy and potential of every day, living with a purpose or mission in mind?

Too many of us are doing the former--and our lives are slipping away one day at a time. But what if we treated life like the gift that it is? What if we lived each day as though it were part of a bigger picture, a *plan*? That's what *New York Times* bestselling author Michael Hyatt and executive coach Daniel Harkavy show us how to do: to design a life with the end in mind, determining in advance the outcomes we desire and path to get there. In this step-by-step guide, they share proven principles that help readers create a simple but effective life plan so that they can get from where they are now to where they really want to be--in every area of life.

But all the drama and demands we face seem to get in the way of our dreams, don't they? We're unsure about how to take our lives from where we are now to where we want to be in the next five, ten, or even fifty years.

We know we were meant for more, but it seems like the days are slipping by and we can't do anything about it. It shouldn't be like this. And it doesn't have to be.
