## **Editorial Review**

Review

From the reviews:

“We thoroughly recommend this excellent textbook for all vascular surgeons and trainees, as well as for practicing general surgeons. We believe that this compendium could easily become the established text for endovascular specialists.” (Journal of Endovascular Surgery)

“This outstanding book provides comprehensive up-to-date coverage of approved and investigational peripheral endovascular interventions, written by recognized authorities and innovators in the field. All those involved in the treatment of patients with peripheral vascular disease will want this reference on their shelf.” (Doody’s Reviews (4 stars))

From the reviews of the third edition:

“This introductory book on endovascular interventions is edited by two of the most distinctive voices in contemporary vascular surgery, Dr. Thomas J. Fogarty and Dr. Rodney A. White. ... The level of detail is well calibrated for fellows, senior residents, and clinicians from the fields of vascular surgery, interventional radiology, and peripheral cardiology seeking a clear and approachable introduction to common elements of contemporary endovascular practice. ... in general, is clear and concise. Graphs and illustrations are spare but effective.” (Gregory Aaron Feldman, Doody’s Review Service, September, 2010)

## **Users Review**

**From reader reviews:**

**Barbara Stewart:**

Reading a reserve can be one of a lot of task that everyone in the world loves. Do you like reading book so. There are a lot of reasons why people enjoyed.
