Ghanaian Citizenship textbook for Grade 5

Citizenship education is introduced into the curriculum in Ghana at the Upper Primary level (P4-P6) to make children appreciate basic concepts and values that underlie a democratic political community and constitutional order to enable them to uphold and defend the Constitution of Ghana at all times.

Because of logistical difficulties and high costs, many schools in developing countries do not have easy access to textbooks. Worldreader addresses that problem using e-reader technology. Worldreader works with textbook publishers across the developing world to offer a range of digital textbooks to schools as part of their wider goal to promote literacy by bringing books to all.
