Developing Effective Research Proposals By Keith F Punch

Lecturers, request your electronic inspection copy

This is your step-by-step guide to success with your research proposal. This new edition covers every section of the proposal, telling you all you need to know on how to structure it, bring rigour to your methods section, impress your readers and get your proposal accepted.

With practical tips and advice throughout, new features include:

- Comprehensive explanation of method and methodology, and how to maximize this crucial section of your proposal
- A new section on mixed methods: an increasingly common approach in research
- A new chapter on how to get it right with ethics
- Fresh exercises and activities, now for each key chapter.

The **Third Edition** provides an authoritative and accessible guide for anyone tackling a research proposal. It is perfect for students in education, nursing, health, and across the social sciences.

Editorial Review

Review

This book is incredibly useful for graduate students attempting to work out the 'rules of the game' of research proposal writing. Especially helpful are the exercises that can support students with tricky aspects such as developing research questions.

(Barbara Read)

This third edition is a 'must have' for demystifying the proposal writing process. It includes mixed-method approaches and provides additional insights, tips, strategies, and examples that are indispensable. Just wish I had this book when I was struggling with my first proposal!
(Julia Jahansoozi)

About the Author
Keith F. Punch is a social research expert and was Winthrop Professor in the Graduate School of Education, the University of Western Australia, and is now Professor Emeritus in the University of Western Australia.

Users Review

From reader reviews:

George Cardenas:

Do you have favorite book? In case you have, what is your favorite's book? Reserve is very important thing for us to find out everything in the world. Each reserve has different aim or maybe goal; it means that e-book has different type. Some people sense enjoy to spend their time for you to read a book. These are reading whatever they get because their hobby will be reading a book. Why not the person who don't like studying a book? Sometime, individual feel need book after they found difficult problem or even exercise. Well, probably you should have this Developing Effective Research Proposals.
