**Image Processing with MATLAB: Applications in Medicine and Biology (MATLAB Examples)** By Omer Demirkaya, Musa H. Asyali, Prasanna K. Sahoo

**Image Processing with MATLAB®: *Applications in Medicine and Biology*** explains complex, theory-laden topics in image processing through examples and MATLAB® algorithms. It describes classical as well emerging areas in image processing and analysis.

Providing many unique MATLAB codes and functions throughout, the book covers the theory of probability and statistics, two-dimensional fast Fourier transform, nonlinear diffusion filtering, and partial differential equation (PDE)-based image denoising techniques. It presents intensity-based image segmentation methods, including thresholding techniques as well as K-means and fuzzy C-means clustering techniques. The authors also explore Markov random field (MRF)-based image segmentation, boundary and curvature analysis methods, and parametric and geometric deformable models. The final chapters focus on three specific applications of image processing and analysis.

Reducing the need for the trial-and-error way of solving problems, this book helps readers understand advanced concepts by applying algorithms to real-world problems in medicine and biology.

A solutions manual is available for instructors wishing to convert this reference to classroom use.

**Image Processing with MATLAB: Applications in Medicine and Biology (MATLAB Examples)** By Omer Demirkaya, Musa H. Asyali, Prasanna K. Sahoo **Bibliography**

- Sales Rank: #2339117 in Books
- Brand: Brand: CRC Press
- Published on: 2008-12-22
- Original language: English
- Number of items: 1
- Dimensions: 9.21" h x 1.00" w x 6.14" l, 2.20 pounds
- Binding: Hardcover
- 458 pages

### **Editorial Review**

About the Author

King Faisal Specialist Hospital & Res. Ctr, Riyadh, Saudi Ar Erciyas University, Kayseri, Turkey University of Louisville, Louisville, KY, USA

### **Users Review**

**From reader reviews:**

**Ross Fletcher:**

This Image Processing with MATLAB: Applications in Medicine and Biology (MATLAB Examples) are reliable for you who want to be a successful person, why. The reason of this Image Processing with MATLAB: Applications in Medicine and Biology (MATLAB Examples) can be one of the great books you must have is definitely giving you more than just simple reading food but feed you actually with information that might be will shock your preceding knowledge. This book will be handy, you can bring it all over the place and whenever your conditions both in e-book and printed people. Beside that this Image Processing with MATLAB: Applications in Medicine and Biology (MATLAB Examples) giving you an enormous of experience for example rich vocabulary, giving you trial run of critical thinking that we realize it useful in your day task. So , let's have it appreciate reading.

**Jennifer Williams:**

Playing with family in a park, coming to see the coastal world or hanging out with good friends is thing that usually you might have done when you have spare time, after that why you don't try point that really opposite from that. One particular activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love Image Processing with MATLAB: Applications in Medicine and Biology (MATLAB Examples), you could enjoy both. It is excellent combination right, you still want to miss it? What kind of hangout type is it? Oh occur its mind hangout fellas. What? Still don't understand it, oh come on its named reading friends.

**Manuel Rose:**

Reading a book for being new life style in this year; every people loves to study a book. When you examine a book you can get a large amount of benefit. When you read ebooks, you can improve your knowledge, because book has a lot of information into it. The information that you will get depend on what sorts of book that you have read. In order to get information about your analysis, you can read education books, but if you act like you want to entertain yourself look for a fiction books, these us novel, comics, and soon. The Image Processing with MATLAB: Applications in Medicine and Biology (MATLAB Examples) provide you with new experience in studying a book.

**Henry Buford:**

Beside this specific Image Processing with MATLAB: Applications in Medicine and Biology (MATLAB Examples) in your phone, it can give you a way to get nearer to the new knowledge or data. The information and the knowledge you will get here is fresh from the oven so don't always be worry if you feel like an previous people live in narrow commune. It is good thing to have Image Processing with MATLAB: Applications in Medicine and Biology (MATLAB Examples) because this book offers for your requirements readable information. Do you often have book but you would not get what it's about. Oh come on, that will not end up to happen if you have this within your hand. The Enjoyable arrangement here cannot be questionable, including treasuring beautiful island. Use you still want to miss this? Find this book as well as read it from currently!
