You Owe Me, Baby By Sabel Simmons

What was a girl to do when you woke up from a dream and voila ... there next to your bed was the man you just dreamt about? You invited him into your bed of course. Sticks and stones would not have prevented Gabriel Costa from responding to her order and lowered himself between her naked thighs. When he ground his hard arousal against her core, she was shocked to reality. It was real ... not a dream! He ignored her instruction to get off her. Her raw sensuality and naked beauty captivated him the moment he walked into the room. Her nakedness too tempting to resist, he demanded her to climax and she did ... twice! Leaving the room, he made her a promise. Sex with him was never one sided and she owed him. Next time he will collect! Sienna Thorne was appointed as the Historian to establish the true lineage of the Costa family, the current Royalty in Italy. She arrived at the castle-mansion to meet the King and who stood in front of her other than the hottie she invited into her bed the day before! She was mortified. Gabriel Costa, King of San Italia was elated that the woman of sin and temptation he encountered the day before was none other than the Historian his sister appointed. With the sole aim to get him to accept his as yet inauguration as King. He rubbed her up the wrong way and she forgot he was a King, she blatantly opposed and called him a Jackass, medieval and a cavemen. He was delighted. At last a woman that treated him like a man, not a title! Sparks flew ... and so did a passion neither of them could deny. Would her inability to accept the difference in their status be their downfall?
