**Rich Man's War (Poor Man's Fight Series Book 2)** By Elliott Kay

No one walks away from business with the three biggest corporations in the Union of Humanity. Cutthroat trade deals and bloody covert operations make that clear as the star system of Archangel tries to break free. Yet despite all their power, the Big Three are more vulnerable than anyone knows—leaving them desperate to make an example of Archangel.

Tanner Malone would gladly avoid such struggles. He'd rather run out the clock on his enlistment in the Archangel Navy. Instead, he's been ordered back into the front lines of a cold war that quickly grows hot. He doesn't know about his government's shady deals, or about the old enemies lurking in the shadows. All he knows is that the sky is falling—and he'll have to fight harder than ever if he doesn't want to be crushed beneath it.
