Crystal Keepers (Five Kingdoms Book 3) By Brandon Mull

Trapped in a world where magic is powerful and dreams are real, Cole continues his quest in book three of this *New York Times* bestselling “fanciful, action-packed adventure” series (*Publishers Weekly*, starred review), from the author of the *Fablehaven* and *Beyonders* series.

Cole Randolph still can’t believe the way his life has been turned inside out. Stuck in a strange land far from home, he found his friend Dalton and has survived the first two kingdoms of the Outskirts. But none of that has prepared him for the magnetic highways and robotic bounty hunters of Zeropolis.

Ruled by Abram Trench, the one Grand Shaper who stayed loyal to the evil High King, the government of Zeropolis uses advanced technologies to keep tight control. Luckily, the resistance in Zeropolis is anchored by the Crystal Keepers—a group of young rebels with unique weapons.

On the run from the High King’s secret police, Cole and Dalton venture to find more of their lost friends—and help their new friend, Mira, locate her sister Constance. But as their enemies ruthlessly dismantle the resistance, time is running out for Cole to uncover the secrets behind the Zeropolitan government and unravel the mystery of who helped the High King steal his daughters’ powers.

Will Cole be able to fix what has gone awry with the magic in *The Outskirts*, or will he be stranded forever in a world between reality and imagination?

Editorial Review

From School Library Journal

Gr 5–8—After defeating Morgassa, Cole Randolph, Dalton, Jace, and Mira are on their way to Zeropolis. Hoping to find Mira's other sister, Constance, the group joins forces with the Unseen, the kingdom's rebels. With the High King's Enforcers and their mysterious leader, the Hunter, getting really good at finding them, however, Cole and his friends are having trouble evading their pursuers. Their only hope is to find Mira's mom and get Constance's location. Mull capably mixes internal and external dialogue with a hint of humor. Narrator Keith Nobbs complements well Mull's well-developed plot with his unique voices and narration, bringing depth to the action and mystery/suspense scenes while staying true to the character dynamics of the story. **VERDICT** This engaging listen will be hard for fantasy fans to put down, particularly if they've enjoyed the first two books in the series.—Kira Moody, Whitmore Public Library, Salt Lake City

Review

Fresh off their victory at the end of *Rogue Knight* (2014), Cole Randolph and his ragtag band of friends return in this third and hotly anticipated novel in the Five Kingdoms series. Exploring the third kingdom, a place of dream and nightmare called Zeropolis, they're called on to defend themselves with illusions and magic weapons, running from Enforcers and the fearsome City Patrol. With new friends like Sidekick to introduce them to new training techniques, they might actually get through the city alive—if the High King doesn't catch them first. Secrets and robots fly fast and furious in this new and technological wonder of a city, and even when things go terribly wrong, Cole steadfastly keeps up the fight for freedom, both for himself and for all the lost kids in the Outskirts. Mull's just-intense-enough fantasy world continues to be a thrill ride full of magical items every reader will want for himself or herself. The best part of the series is Cole, an easy entry point with whom readers will likely relate. (Booklist Online March 10, 2015)
