The Population Explosion and Other Mathematical Puzzles: By Dick Hess

Population Explosion and Other Mathematical Puzzles is a wonderful addition to Dr Dick Hess's previous successful books, *Mental Gymnastics: Recreational Mathematical Puzzles*, *Golf on the Moon*, (Dover Publishing, 2011 and 2014 respectively) and *Number-Crunching Math Puzzles* (Puzzlewright, 2013), a republication of *All-Star Mathlete Puzzles* (Sterling Publishing, 2009). In this latest volume, there are 116 recreational mathematical puzzles and problems that will challenge and entertain bright minds. They are mostly new problems on creative themes, encompassing a wide range of difficulty from amusing to complex. Intended to hone mathematical thinking skills and reasoning ability, solving the puzzles may require considerable perseverance.

Open this book to find a captivating assortment of geometric, digital, logical, probability, analytical, physics and trapezoid puzzles. Find out what happens with jeeps in the desert and be amused or confused by some MathDice puzzles.

While most of these puzzles can be solved by pencil and paper analysis, there are some that are best tackled with a computer to find a solution. Be prepared to keep your wits about you!

While most of these puzzles can be solved by pencil and paper analysis, there are some that are best tackled with a computer to find a solution. Be prepared to keep your wits about you!

Users Review

From reader reviews:

Janice Delarosa:

The book The Population Explosion and Other Mathematical Puzzles: can give more knowledge and also the precise product information about everything you want. Why must we leave the great thing like a book The Population Explosion and Other Mathematical Puzzles:? Some of you have a different opinion about guide. But one aim that book can give many info for us. It is absolutely suitable. Right now, try to closer with your book. Knowledge or info that you take for that, you can give for each other; you may share all of these. Book The Population Explosion and Other Mathematical Puzzles: has simple shape but the truth is know: it has great and massive function for you. You can look the enormous world by available and read a reserve. So it is very wonderful.

Kenneth Roland:

In this 21st millennium, people become competitive in every way. By being competitive right now, people have do something to make all of them survives, being in the middle of often the crowded place and notice by means of surrounding. One thing that oftentimes many people have underestimated this for a while is reading. Yes, by reading a e-book your ability to survive boost then having chance to stand than other is high. For you personally who want to start reading a book, we give you this The Population Explosion and Other Mathematical Puzzles: book as beginner and daily reading reserve. Why, because this book is more than just a book.

Joseph Vest:

Many people spending their time period by playing outside using friends, fun activity along with family or just watching TV the whole day. You can have new activity to enjoy your whole day by studying a book. Ugh, ya think reading a book really can hard because you have to use the book everywhere? It all right you can have the e-book, having everywhere you want in your Touch screen phone. Like *The Population Explosion and Other Mathematical Puzzles*: which is finding the e-book version. So , why not try out this book? Let's observe.

Kaye Reynolds:

As we know that book is vital thing to add our expertise for everything. By a book we can know everything we want. A book is a set of written, printed, illustrated or even blank sheet. Every year was exactly added. This e-book *The Population Explosion and Other Mathematical Puzzles*: was filled in relation to science. Spend your free time to add your knowledge about your technology competence. Some people has distinct feel when they reading some sort of book. If you know how big selling point of a book, you can truly feel enjoy to read a guide. In the modern era like now, many ways to get book that you just wanted.
