## Woodworking By Nancy MacDonald

User-friendly and complete with full-color photos and illustrations, *Woodworking* offers a comprehensive guide for beginning woodworkers and aspiring cabinetmakers alike. Beginning with a brief introduction to the industry, as well as descriptions of the tools and materials used in the trade, the book then progresses on to illustrate and explain the hands-on skills that are essential to success in project creation. Step-by-step projects are accompanied by engaging photos and illustrations that walk through the process of building wood products, including tables and chairs, chests, cabinet-making, and more! These projects provide learners with a sense of accomplishment as they demonstrate their skills through successful completion of a finished product.

### Editorial Review

#### Review

"I thought the text was well-written. It was straightforward and easy to understand. I think that is important given the diversity of the students we see...not too technical, but informative. It could enhance my students learning very well."~ Shannon Brown, Cabinetmaking/Construction Teacher, Minico High School , Rupert Idaho

#### About the Author

Nancy MacDonald is an instructor in the Technology Division/Woodworking Program at State University of New York College at Delhi, where she received the Chancellor's Award for Excellence in Teaching. Her credentials include a BA from Hartwick College, an MA from Yale University, and an MS in Vocational and Technical Education from the State University of New York at Oswego.

### Users Review

#### From reader reviews:

#### Virginia Shrader:
