For God or for Tyranny: When Nations Deny God's Natural Law By Walid Shoebat, Theodore Shoebat

For God or For Tyranny. Progressives denounce God and the Bible as an old writ from thousands of years ago, that we need to advance and modernise -- God is outmoded they say. Perhaps it is time to set up a new moral code without Him. This book shows how mankind digresses every time he takes this route-that evil is the process of us governing others rather than allowing God to govern us. We can either believe that God exists or He simply is nowhere to be found. But God's moral law stands-which we shall prove here. If we remove God, the government will become God. This book will show conclusively that whenever we abandon God, we elevate a collective tyranny into a god. Either God becomes king or a tyrant becomes king. The book equips and trains the inner soul through a journey into history examining some of our downfalls when man thought he was superior, to later only recognise, after the havoc, and only then confess, that the core of his principles was indeed appalling. Today the world is at it again, demanding global unity. But unity under freedom is the process of uniting individuals that disagree, while tyranny is the process of forcing everyone to agree-in unison. I don't mean all that call themselves Christians, but a remnant, a few scattered persons which God hath chosen, such as without being led by interest, education, or human authorities, can set themselves sincerely and earnestly to search after truth. For Daniel hath said that the wise shall understand, so he said also that none of the wicked shall understand -- Sir Isaac Newton

Editorial Review

From the Inside Flap

Progressives denounce God and the Bible as an old writ from thousands of years ago, that we need to advance and modernize--God is "outmoded" they say. "Perhaps it is time to set up a new moral code without Him." FOR GOD OR FOR TYRANNY shows how mankind digresses every time he takes this route--that evil is the process of us governing others rather than allowing God to govern us. We can either believe that God exists or He simply is nowhere to be found. But God's moral law stands--which we shall prove here. If we remove God, the government will become God.

About the Author

Walid Shoebat was born and raised in Bethlehem, Israel by an Arab father and an American mother. His paternal grandfather was an associate of Haj-Ameen Al-Husseini, the Grand Mufti of Jerusalem, who was an ally of Adolph Hitler, who conspired with the Nazis during the holocaust. Walid grew up a terrorist but when he married a Christian woman, he was challenged to examine the Bible in 1993 and compare it with the Qur'an. That experience made him a convert to Christianity.

Theodore Shoebat is the son of Walid Shoebat, former PLO member and Muslim Brotherhood activist. At age 16, Ted released his first book, In Satan's Footsteps. He grew up in the US and attended public schools. Because of his conservative and religious upbringing, he often struggled with his teachers and fellow students. He personally witnessed Holocaust denial, anti-Semitism and anti-Zionism in the schools and his defense of Israel and the Jewish people made him a target of ridicule and mockery.

Users Review

From reader reviews:

Christine Frazier:

The actual book For God or for Tyranny: When Nations Deny God's Natural Law has a lot info on it. So when you read this book you can get a lot of advantage. The book was written by the very famous author. This articles author makes some research ahead of write this book. That book very easy to read you can get the point easily after reading this book.
