# C# 6.0 Cookbook: Solutions for C# Developers
*By Jay Hilyard, Stephen Teilhet*

**C# 6.0 Cookbook: Solutions for C# Developers** By Jay Hilyard, Stephen Teilhet

Completely updated for C# 6.0, the new edition of this bestseller offers more than 150 code recipes to common and not-so-common problems that C# programmers face every day. More than a third of the recipes have been rewritten to take advantage of new C# 6.0 features. If you prefer solutions to general C# language instruction and quick answers to theory, this is your book.*C# 6.0 Cookbook* offers new recipes for asynchronous methods, dynamic objects, enhanced error handling, the Rosyln compiler, and more.

Here are some of topics covered:

- Classes and generics
- Collections, enumerators, and iterators
- Data types
- LINQ and Lambda expressions
- Exception handling
- Reflection and dynamic programming
- Regular expressions
- Filesystem interactions
- Networking and the Web
- XML usage
- Threading, Synchronization, and Concurrency

Each recipe in the book includes tested code that you can download from oreilly.com and reuse in your own applications, and each one includes a detailed discussion of how and why the underlying technology works. You don't have to be an experienced C# or .NET developer to use *C# 6.0 Cookbook*. You just have to be someone who wants to solve a problem now, without having to learn all the related theory first.

## Editorial Review

About the Author

Jay Hilyard has been developing applications for the Windows platform for over 20 years, including .NET. He's published numerous articles in MSDN Magazine. Jay currently works at Newmarket, an Amadeus company.

Stephen Teilhet started working with the pre-alpha version of the .NET platform and has been using it ever since. At IBM, he works as the lead security researcher on their static source code security analysis tool, which is used to find vulnerabilities in many different languages, including C# and Visual Basic.

## Users Review

**From reader reviews:**

**Mable Watkins:**

Book is usually written, printed, or outlined for everything. You can understand everything you want by a e-book. Book has a different type. We all know that that book is important thing to bring us around the world. Next to that you can your reading skill was fluently. A guide C# 6.0 Cookbook: Solutions for C# Developers will make you to possibly be smarter. You can feel a lot more confidence if you can know about anything. But some of you think which open or reading the book make you bored. It is not necessarily make you fun. Why they are often thought like that? Have you trying to find best book or acceptable book with you?

**Lauren Veach:**

What do you ponder on book? It is just for students because they are still students or it for all people in the world, the particular best subject for that? Only you can be answered for that problem above. Every person has diverse personality and hobby for each and every other. Don't to be compelled someone or something that they don't would like do that. You must know how great along with important the book C# 6.0 Cookbook: Solutions for C# Developers. All type of book are you able to see on many options. You can look for the internet methods or other social media.

**Lillie Stein:**

This C# 6.0 Cookbook: Solutions for C# Developers usually are reliable for you who want to become a successful person, why. The reason of this C# 6.0 Cookbook: Solutions for C# Developers can be on the list of great books you must have is actually giving you more than just simple reading through food but feed anyone with information that perhaps will shock your previous knowledge. This book is usually handy, you can bring it everywhere you go and whenever your conditions throughout the e-book and printed people.

Beside that this C# 6.0 Cookbook: Solutions for C# Developers forcing you to have an enormous of experience for example rich vocabulary, giving you tryout of critical thinking that we all know it useful in your day exercise. So , let's have it appreciate reading.

**Tammie Jackson:**

This C# 6.0 Cookbook: Solutions for C# Developers is great publication for you because the content which is full of information for you who else always deal with world and still have to make decision every minute. That book reveal it info accurately using great manage word or we can declare no rambling sentences in it. So if you are read this hurriedly you can have whole details in it. Doesn't mean it only offers you straight forward sentences but tricky core information with splendid delivering sentences. Having C# 6.0 Cookbook: Solutions for C# Developers in your hand like keeping the world in your arm, info in it is not ridiculous a single. We can say that no guide that offer you world within ten or fifteen second right but this reserve already do that. So , it is good reading book. Hi Mr. and Mrs. active do you still doubt which?
