Editorial Review

About the Author

Lisa Winning hails from Australia and attended the London School of Economics before landing in New York City to figure out this whole advice game. Having spent years watching her girlfriends scream “he texted!” the morning after a long night out, she realized they needed a bigger outlet. Lisa figured there should be a way girls could get answers on the questions they care about most. So, she created HeTexted.

Carrie Henderson McDermott is the co-founder and editorial director of HeTexted. Previously, Carrie worked at *Glamour* magazine, where she wrote about all things beauty. So, when she’s not busy telling you how to respond to the 3am text (read: don’t!), she can point you in the direction of a mean blow-out. Or explain why most guys hate red lipstick on a first date. Carrie spent a bunch of single years in New York City before she met a guy at a bar. On a Tuesday. At karaoke night. Then, he texted. Now, she calls him her husband.
