This easy-to-use system includes a 126-page book, 95 minutes of audio material on two CDs, plus a handy carrying case. Take it with you in the car, on the bus or train. Take it to work. Lose your accent during lunch break! Inglés ¡Qué buen acento! is ideal for self-study and for classroom use. Use the Inglés ¡Qué buen acento! system to master all English vowel and consonant sounds and the phonetic symbols that go with them. Hear the difference between Spanish sounds and English sounds. Pronounce any English word without an accent! Inglés ¡Qué buen acento! is complete. There are no extras to buy. The system includes:

- \* Two audio CDs with the voice of author Santiago Reynaga as well as four native speakers of English.

- \* An explanation of every major sound in the English language. And many examples.

- \* A comparison of the English sounds with the similar Spanish sound. How do English and Spanish pronunciation differ? Which English language sounds are “traps” for Spanish speakers?

- \* Each chapter on sounds includes the “Listen & Compare” section. Hear the difference on CD. Then repeat the English pronunciation. You said it. You did it. Congratulations!

- \* Lessons on advanced aspects of pronunciation, including all the nuances that identify a native speaker of English. Know the difference between strong and weak forms. Master the contractions of everyday conversation. Talk like a native, sound like a native speaker of English!

- \* A section on tongue-twisters and how to untangle them. Readings that target the specific sounds that can give you away as a Spanish first-language speaker and not a native speaker of English.

\* A handy glossary of “false friends” (falsos amigos). Learn these and stop being “embarrassed” by your mistakes in English!

#### Review

"Simply studying every day or at least three times per week, for 15 minutes, you will be able to speak better English, with a smooth accent. Inglés ¡Qué buen acento! is the course that will help you solve your problems of pronunciation and get rid of your strong accent." -- *Acento Latino newspaper*

Qué bueno que ya aprendió el inglés; pero me imagino que le molesta un poco su fuerte acento e incluso se acompleja cuando las personas le hacen una expresión como si no le estuvieran entendiendo. Si le sirve de consuelo, muchos viven lo mismo. ¿Y qué piensa cuando muchos latinos hablan el inglés con un sutil acento, como si llevaran muchos años viviendo en los Estados Unidos? Es cierto que muchos, es porque llevan años y años en los Estados Unidos, pero hay los que tienen muy buen oído y los que han trabajado y estudiado mucho por mejorar su pronunciación. Y... ¿cómo se logra esto? Pues "echándole ganas", como dicen mis amigos mexicanos. Simplemente estudiando todos los días o por lo menos tres veces a la semana, durante 15 minutos, usted podrá hablar el inglés mejor y con suave acento. Inglés ¡Qué Buen Acento!, es un curso que le ayudará a solventar los problemas de pronunciación y el fuerte acento, a un precio de \$24.55. Este curso fue realizado por el peruano Santiago Reynaga, un reconocido profesor de idiomas e intérprete profesional. -- *Acento Latino newspaper*
