**Python: Crash Course - The Ultimate Beginner's Course to Learning Python Programming in Under 12 Hours** By Eprogramy, Python

## **Are You Ready to Learn Python Programming FASTER Than You Ever Thought Possible?**

**Welcome to the Ultimate Crash Course on Python!**

**With Tons of Detailed Step by Step Procedures Inside!**

Are you ready to unlock the keys to the future? If your answer is a resounding 'YES!', then this crash course on Python Programming is exactly what you need in your toolkit. In these days of the 3.0 era, there are essential tools that we must absolutely have at hand to solve everyday problems. And guess what? One of these skills consists of... how to use programming languages. Can you imagine what we could do if we'd knew how to write a simple instruction for our PC? What we could achieve if we could create from scratch something that'd solve problems in just seconds? That would be absolutely amazing: no limits, no boundaries, no frontiers. A whole new world of possibilities in front of us!

Perhaps you are an amateur just getting started with Python, or maybe you already know a few things about this exciting programming language and you'd like to reach for the next level. Which one are you? Actually, it doesn't matter! This course will approach Python Programming from both starting points! The aim is to achieve all the necessary skills to learn how to program Python in under 12 hours. Yes, I said it! 12 hours. In less than half a day you will incorporate the ABCS of Python, and from there you'll develop the advanced techniques you need to create your own projects.

Want to hear the best part? This is not a mere theoretical book. Not at all. In here, you'll find tons of useful exercises and tasks that will take your Python skills (and overall, your whole programming skills) to a whole new level. You'll experience in first person how simple and entertaining Python can be! This book will assist

you not only to develop and improve your skills, but most importantly, it will help you unlock the joy learning a new programming language can unexpectedly bring. You can be sure of that!

The idea we're proposing is quite simple. You will learn Python from zero to hero, in less than half a day. We will go from the root to the top of this groundbreaking programming language, and from there we'll build the solid foundations you are looking for. And at the end you will find a special bonus! Sounds good? So let's go for it!

## Here Is A Preview Of What You'll Learn Inside...

- Welcome To Your New Programming Language
- History of Python
- What is Python?
- Installation of Python
- Python Language Structure
- Python Variables
- Python Operators
- User Input
- Strings in Python
- Boolean Logic
- Loops, Tuples, and Dictionaries
- Functions/Methods
- Classes
- Debugging
- Exception Handling
- Threading
- Web Crawlers
- Example Programs
- Much, much more!

The contents of this book are easily worth over \$9.99, but for a limited time you can download "Python Programming Crash Course, The Ultimate Beginner's Course to Learning Python Programming in Under 12 hours –" for a special discounted price of only \$3.99

### **Editorial Review**

#### **Users Review**

##### **From reader reviews:**

##### **Becky Pope:**

As people who live in the particular modest era should be update about what going on or information even knowledge to make them keep up with the era that is certainly always change and move forward. Some of you maybe can update themselves by reading through books. It is a good choice for yourself but the problems coming to anyone is you don't know what kind you should start with. This Python: Crash Course - The Ultimate Beginner's Course to Learning Python Programming in Under 12 Hours is our recommendation to help you keep up with the world. Why, as this book serves what you want and want in this era.

##### **Carol Berry:**

Beside this kind of Python: Crash Course - The Ultimate Beginner's Course to Learning Python Programming in Under 12 Hours in your phone, it may give you a way to get nearer to the new knowledge or facts. The information and the knowledge you might got here is fresh from oven so don't end up being worry if you feel like an older people live in narrow commune. It is good thing to have Python: Crash Course - The Ultimate Beginner's Course to Learning Python Programming in Under 12 Hours because this book offers for your requirements readable information. Do you often have book but you don't get what it's interesting features of. Oh come on, that will not happen if you have this in the hand. The Enjoyable blend here cannot be questionable, just like treasuring beautiful island. So do you still want to miss the idea? Find this book as well as read it from at this point!

##### **Edward Brown:**

Is it an individual who having spare time then spend it whole day by watching television programs or just resting on the bed? Do you need something totally new? This Python: Crash Course - The Ultimate Beginner's Course to Learning Python Programming in Under 12 Hours can be the response, oh how comes? A fresh book you know. You are consequently out of date, spending your spare time by reading in this new era is common not a geek activity. So what these guides have than the others?

##### **Ronald Cleary:**

As a university student exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some reserve, they are complained. Just minor students that has reading's soul or real their hobby. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring along

with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Python: Crash Course - The Ultimate Beginner's Course to Learning Python Programming in Under 12 Hours can make you experience more interested to read.
