### Review

"Shirley Link is a new girl detective series that my daughter is crazy about. This is an amazing series, my friends! Your kids will be hooked and you'll feel really good about it." - **Parents.com**

"This Veronica Mars for the tween-set is funny, smart, and full of preternatural wisdom. A 13 year old gumshoe with crazy perception skills, Shirley Link sets out to solve the mystery of a missing school safe while at the same time juggling jealous best friends, boys, and homework. She does this with aplomb and the occasional, hilarious zinger." - **Edward Hemingway, Author, Bad Apple**

### About the Author

Shirley Link, a series for kids 8-12 years old, has been my focus since 2012. The first two books in the series hit the top 5 in Teen Mysteries on Amazon, which was a dream come true. Shirley's fun because she knows what she's doing. There's no stumbling across victory. She plans eight moves ahead. I could write her forever, and plan to.

But that doesn't mean I don't have other worlds ready to spring! In fact, I can't wait to roll out my next series, The Camelot Kids. Merlin, the greatest wizard to ever live, may be prepared for the random rogue wizard, or a hive of hungry dragons. But is he ready for The Camelot Kids? I live in Massachusetts, surrounded by the Forbidden Forest, with my wife and son. I'm scheduled to begin teaching classes in digital publishing and marketing at New York's School of Visual Arts MFA Visual Narrative program in 2015.
